NOTE TO TRAINERS REGARDING THESE CURRICULUM DEVELOPMENT FILES

On this web page are files you can refer to if you're assisting with our Social Studies or Science lessons at the school and/or supplying us with PowerPoint presentations, videos or other AV lesson aids. Included is the list of AV lesson aids our teachers already have available on the big screen, and the lesson plan template they've chosen to use.

➢ **We use Science ACE PACEs for all of our Science learning**.

   See the "2018 LCC Science PACEs Scope & Sequence" for learning topics at each level (2-12).

➢ **We use Social Studies ACE PACEs and some Vanuatu National Curriculum textbooks for our Social Studies learning**.

   See the "2018 LCC Social Studies PACEs Scope & Sequence" for Social Studies PACE learning outcomes at each level (2-12).

   See the individual files for our Vanuatu national curriculum learning at each level (2-10). There are TWO FILES for each teacher: the textbook and their program outline. Here below are the names of the textbooks for each level.

   L2 – Agriculture year 2 teacher's book
   L3 – Health year 3 teacher's book
   L4 – The Story of Our Islands year 4 teacher's book
   L5 – Nutrition year 4 teacher's book, Health year 4 and Health year 5 teacher's books
   L6 – Agriculture years 5 & 6 teacher's book, and Trees years 4,5,6 teacher's book
   L7 – Living in Communities year 7 teacher's and student's books
   L8 – Human Needs & Environments year 8 and Using Resources year 8
   L9 - Civic Education (not available online until we scan it ourselves)
   L10 – Our Changing Environment year 10 teacher's book

➢ Year 6 Agriculture has an extra resource called Successful Agriculture-1 which if simplified can be used to enhance learning.

Our teachers all have a folder for the Vanuatu curriculum subjects on the computer's desktop in the AV room for showing on the screen, with these files in it:

1. Text book they're teaching from
2. Program outline for the unit they're teaching
3. Lesson Plan template
4. Docs, PowerPoint presentations, pics and videos to enhance their students' learning (the longer videos on their program outline aren't in their own folder)

Trainers have a 'visiting trainers' folder on the computer's desktop in the AV room and also in Michelle's office. IF YOU'RE WORKING AT THE SCHOOL, <u>PLEASE ADD FILES YOU'RE LEAVING BEHIND INTO THOSE FOLDERS</u>, and we'll move them to the right place.
